(54) Title: PHARMACEUTICAL COMPOSITIONS COMPRISING THIENO[2,3-C]PYRIDINE DERIVATIVES AND USE THEREOF

(5°) Under act: The present invention provides thieno[2,3-C]pyridine derivatives, pharmaceutical compositions comprising the thieros[2,3-C]pyridine derivatives, and methods of use thereof. The compounds capable of inhibiting glycosaminoglycan (GAG) interactions with effector cell adhesion molecules (ECAM) are useful for treating diseases and disorders mediated by GAG-ECAMs interactions, particularly inflammatory and autoimmune diseases, viral diseases, cancer, and amyloid disorders.

INTERNATIONAL SEARCH REPORT

International application No.

PCT/IL04/00121

T 37 T			
Box No. II sheet)	Observations where certain claims were found unsearchable (Continuation of item 2 of first		
This international search report has not been established in respect of certain claims under Article 17(2)(a) for the following reasons:			
1.	Claims Nos.: because they relate to subject matter not required to be searched by this Authority, namely:		
2.	Claims Nos.: because they relate to parts of the international application that do not comply with the prescribed requirements to such an extent that no meaningful international search can be carried out, specifically:		
3. S 6.4(a).	Claims Nos.: 20 and 38-40 because they are dependent claims and are not drafted in accordance with the second and third sentences of Rule		
Box No. III	Observations where unity of invention is lacking (Continuation of item 3 of first sheet)		
1.	As all required additional search fees were timely paid by the applicant, this international search report covers all searchable claims. As all searchable claims could be searched without effort justifying an additional fee, this Authority did not invite payment of any additional fee. As only some of the required additional search fees were timely paid by the applicant, this international search report covers only those claims for which fees were paid, specifically claims Nos.:		
4. Emark on F	No required additional search fees were timely paid by the applicant. Consequently, this international search report is restricted to the invention first mentioned in the claims; it is covered by claims Nos.: Protest The additional search fees were accompanied by the applicant's protest. No protest accompanied the payment of additional search fees.
